X26

SELF-PROPELLED LIFT

STANDARD FEATURES

- Roll-out deck extension
- Non-marking tyres
- Swing-out service modules
- Tilt alarm, descent alarm
- Hour meter/battery level indicator
- Pothole protection system
- Lift up rear handrail to ease loading
- Ground view grates in deck extension
- Crane and forklift points
- Emergency lowering at ground level.

Specifications

Platform capacity (max.)	454 kg	1,000 lbs.
Platform size (inside)	1.17m x 2.21m	46.25in. x 87in.
Weight	2,072 kg	4,570 lbs.
Working height	10.0 m	32 ft. 7in.
Platform height	8.0 m	26ft.
Max. drive height	8.0 m	26ft.
Operational height	2.11 m	83in.
Stowed height	1.98 m	78 in.
Length	2.35 m	92.5 in.
Width	1.22 m	48 in.
Drive speed - maximum	3.9 km/h	2.4 mph
with platform raised	1.2 km/h	0.7 mph
Gradeability	12 degrees	22%
Inside turning radius	152 mm	6 in.
Ground clearance	114 mm	4.5 in.
Lift speed	40 sec.	40 sec.
Toeboards	152 mm	6 in.

Control system ...Smooth, one-hand joystick
 Drive systemDual front wheel hydraulic motors
 Tyres0.38 m (15") diameter solid rubber, non-marking
 Power source24V 4HP DC electric motor 4x 6V 220 AH batteries
 Battery charger ...25 amp automatic with ammeter
 Parking brake2 wheel, spring-applied hydraulic and manual release

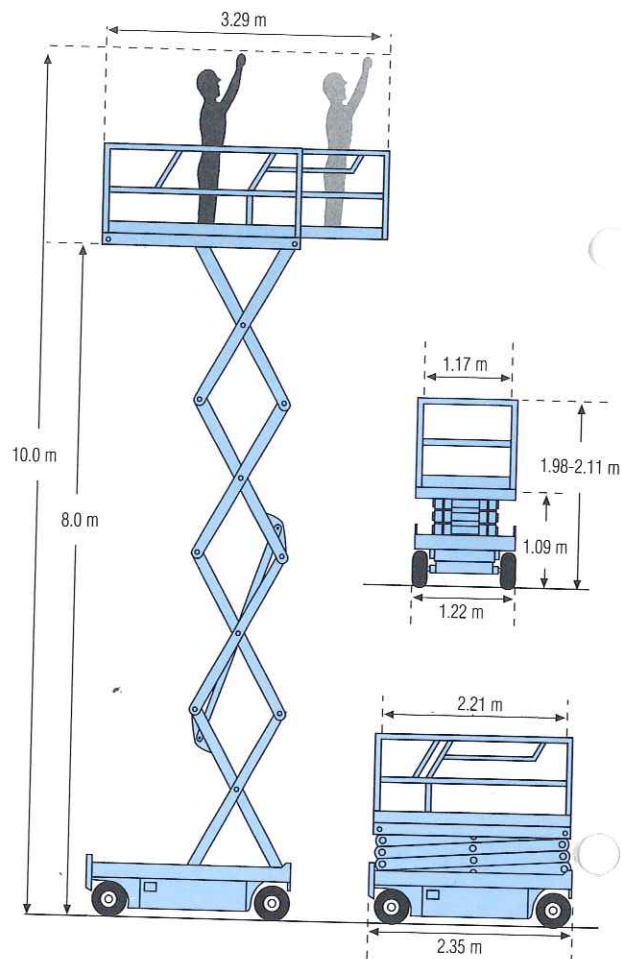

Options

- Emergency lowering from cage
- Flashing beacon
- Horn
- Travel alarm
- Scissor Guard
- Platform gate interlock
- All motion alarm
- Overload alarm
